# VADERX RS

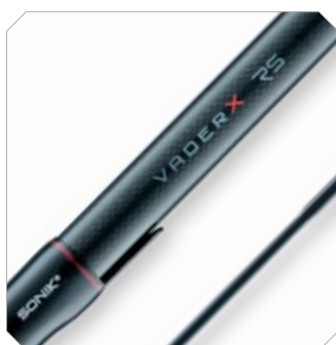

## CARP ROD RANGE

Evolved and refined version of our award winning VADERX carp rods. Now with a sleek black armoured blank finish. Guides are updated to super-light M-SERIES which gives the rod tip phenomenal recovery speed for even better crisp and accurate casting. They still have the elegant VADERX look with a subtle red tipping that adds a touch of class.

### SPECIFICATION

- > Slim, lightweight sleek black armoured carbon blank
- > Progressive casting action with superfast tip recovery
- > Super-light M-SERIES DL black guides
- > Hard wearing anti-frap ceramic tip ring
- > 40mm guide pattern on 12ft 2.75lb and below
- > 50mm guide pattern on 12ft 3.00lb and above
- > Fold friendly ringing pattern
- > 17mm black DPS reel seat to house all big pit reels
- > Line friendly custom contoured Sonik line clip
- > Slim Japanese shrink wrap butt grip
- > Black anodised butt cap laser etched with 'S' logo

# DOMINATORX RS

## CARP ROD RANGE

The new DOMINATORX RS carp rod has been further improved for unprecedented performance at this price point. High modulus 1K woven carbon fibre with a sleek gloss finish and our multi-directional tip section carbon lay-up for accuracy and quicker recovery.

A smooth progressive casting action is matched to a slim lightweight blank that is bang up to date for the latest carp fishing tactics. Whether it's launching leads and PVA bags to the horizon or battling hard fighting fish at close range, the DOMINATORX RS will keep you in control. The butt and lower tip section feature full 1k woven carbon with a sleek minimalist build featuring DPS-18 reel seat, stealth black anodised collars, slim shrink wrap handle and laser etched butt cap.

## SPECIFICATION

- > High modulus carbon fibre blank with 1k wrap gloss finish
- > Multi-directional tip section carbon lay-up for increased accuracy
- > Super-light M-SERIES DL black guides
- > Lightweight low-profile double leg black SIC guides and anti-frap tip
- > 50mm ringing pattern on 12' & 13' models
- > Sonik black 18mm DPS reel seat to house all big pit reels
- > Understated cosmetics
- > Line friendly custom contoured Sonik line clip
- > Slim Japanese shrink wrap butt grip
- > Black anodised collars and butt cap laser etched with 'S' logo

# TOURNOS XD

## CARP ROD RANGE

There are a number of key ingredients to a good carp rod and SONIK have been perfecting the recipe for many years. In the background, we often research and test the latest carbon materials available, but price precludes their use in today's competitive carp rod market. The Tournos XD is the exception to the rule and stands head and shoulders above the competition at this price.

With a crisp, powerful casting action the rod is tailored for anglers who push their rods to the limit on bigger waters when targeting specimen fish. The low resin Japanese Toray carbon fibre blanks are slim, lightweight and immediately impressive in the hand. Used and endorsed by our world class team of anglers, we are confident the Tournos XD will become the go to rod at this price point. For the perfect combination, match-up with the Tournos XD 10000 gold spool reel.

### SPECIFICATION

- > High modulus, low resin carbon blank
- > Multi-directional fibre tip section lay-up
- > 1k armoured carbon weave throughout
- > American Tackle 3K carbon reel seat
- > Lightweight low-profile DL-black ceramic guides & anti-frap tip
- > Full Japanese shrink rubber handle
- > Anodised and laser etched butt cap
- > Supplied with neoprene tip, butt and guide protector

# GRAVITY XFW

## CARP ROD RANGE

Sonik GRAVITY carp rods have built up an enviable reputation over the last decade. We have partnered with some of the world's leading materials engineers to produce the awesome Gravity XFW. We have also worked specifically with renowned carp angler Frank Warwick, allowing us to meet his challenge of producing a rod capable of pushing the limits of carp rod performance. The result is the GRAVITY XFW signature series where performance speaks for itself.

### SPECIFICATION

- > Ultra high modulus, low resin carbon blank
- > Multi-directional nano-fibre tip section lay-up
- > Lite-ply 1k armoured carbon weave throughout
- > ALPS AFW-18mm matt black deluxe reel seat
- > Lightweight low-profile DL-black SIC guides & anti-frap tip
- > Full Japanese shrink rubber handle
- > Anodised & laser etched butt cap
- > Supplied with neoprene tip, butt and guide protectors

# XTRACTOR

## CARP ROD RANGE

With the increase in popularity of short, semi-telescopic carp rods, the new XTRACTOR range fills a gap in the market for affordable top-quality rods that are easy to transport due to their short pack down lengths. The range comprises one 6' model, two 9' models and two 10' models with test curves ranging from 2.75lb to 3.5lb make up the range, with pack down lengths of 44" and 50". The super-slim matt black, part-telescopic carbon fibre blanks have plenty of reserve power in the butt section and a fast tip recovery to give surprising performance whether casting or playing large fish close in or at range.

Lightweight black M-Series DL guides with anti-frap tip, 17mm DPS reel seat, Japanese shrink wrap handle, custom line clip and a black anodised butt cap, laser etched with 'S' logo completes a top-quality specification. Ideally matched with the custom Sonik Xtractor rod sleeves, which are available in 9' and 10' lengths and can be easily connected for safe, effective transportation.

### SPECIFICATION

- > Slim, silk matt black carbon fibre blank with progressive power action
- > Super-light M-SERIES DL black guides
- > Hard wearing anti-frap ceramic tip ring
- > Large ID 40mm to 12mm ringing pattern
- > Black 17mm DPS reel seat
- > Line friendly custom contoured Sonik line clip
- > Slim Japanese shrink rubber handle
- > Black anodised butt cap laser etched with 'S' logo

# XTRACTOR RECON

## CARP ROD RANGE

The XTRACTOR RECON 8ft rod range pack down to only 30 inches while the 12ft models pack down to a mere 50 inches. The XTRACTOR Recon's are some of the most versatile carp rods that we have produced to date.

The 8ft models feature a longer style handle and 40mm ringing pattern – 50mm for the 12ft range, which both aid in casting and fish-playing ability. Like all XTRACTOR rods you will find these to have a satisfying progressive action lending itself perfectly to all forms of carp fishing. Of course, at such compact pack-down sizes, these could be the travel carp rods that you have been waiting for but don't be deceived, the performance of these rods just might convince you to keep a set handy for whenever a fishing opportunity arises.

**The 8ft range are available in three test curves which will cover any carp fishing scenario you are likely to encounter:**

- › Slim, silk matt black carbon fibre blank with progressive power action
- › Super-light M-SERIES DL black guides
- › VARI-TAPER™ joint construction
- › 40mm guide pattern with anti-frap tip
- › Black 17mm DPS reel seat
- › Line friendly custom contoured Sonik line clip
- › Slim Japanese shrink rubber handle
- › Black anodised butt cap laser etched with 'S' logo
- › 8ft transport length 76cm (30")

**The 12ft range specification:**

- › 50mm guide pattern with anti-frap tip
- › 18mm black DPS reel seat (3.5lb = 20mm)
- › Transport length 12ft (127cm) (50")

### TRANSPORT SPECIFICATION

8ft transport length 76cm (30")

12ft transport length 127cm (50")

CARP RODS

# INSURGENT

## CARP RODS

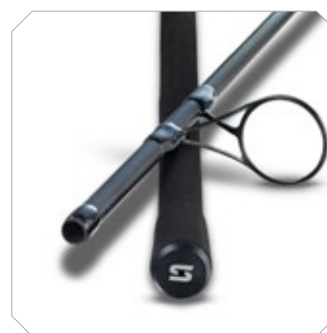

Building on the phenomenal success of our other retractable-butt carp rods we wanted to step performance up to a new level. Built without compromise and utilising the latest high modulus TORAY carbon fibre. The Sonik Insurgent rods will certainly appeal to those who want the best. Light, quick, responsive and with more reserves of power raise the bar even further for the performance of these rods.

For 2020 the INSURGENT range has been expanded and refined, all models 3.00lb and under have been given a 40mm ringing pattern and there is a new 9ft 3.25lb for anglers that need that extra little power in the compact 44" pack down. Also added to the range are 9ft and 10ft 4.50lb Spod rods with powerful actions designed for progressive loading for easy spodding at all ranges.

### SPECIFICATION

- > High Modulus Toray carbon blank
- > Lite-ply 1K armoured carbon weave throughout
- > Multi-directional tip section carbon lay-up
- > Super-light M-SERIES DL black guides with anti-frap tip
- > 50mm guide pattern on 3.25lb models and above (40mm below)
- > Black 18mm DPS reel seat
- > Slim Japanese shrink rubber handle
- > Black anodised butt cap laser etched with 'S' logo

| PRODUCT CODE | DESCRIPTION               |

CARP RODS

# INSURGENT RECON

## CARP ROD RANGE

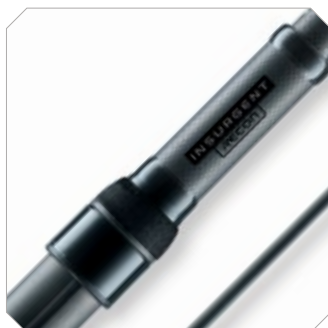

Maximum performance and ultimate convenience of shorter pack down length.

The Insurgent Recon offers a serious alternative to traditional 12ft two-piece carp rods and has the credentials to prove it.

Recon technology utilises a double retractable butt section and combines this with our new VARI-TAPER™ joint construction to produce rods that both look and perform like their two-section predecessors. Insurgent Recon rods also incorporate our multi-directional tip section carbon lay-up further enhancing tip speed and accuracy.

### SPECIFICATION

- > High Modulus Toray carbon blank
- > Lite-ply 1K armoured carbon weave throughout
- > Multi-directional tip section carbon lay-up
- > VARI-TAPER™ joint construction
- > Super-light M-SERIES DL black guides
- > 50mm distance guide pattern with anti-frap tip
- > Fuji 18mm DPS reel seat
- > Slim Japanese shrink rubber handle
- > Black anodised butt cap laser etched with 'S' logo

## VADERX RS SPOD REEL

- > Quick-Torque drag system
- > Retrieve 4.1:1 - up to 1.05m of line per turn of handle
- > Twin spring-loaded captive line clips
- > Graphite body and rotor
- > Sleek matt black finish
- > Instant anti-reverse
- > Oversized twist free line roller
- > Micro line lay adjustment washers
- > Matt black anodised aluminium handle with wood barrel grip

**SUPPLIED READY LOADED WITH 200M 30LB BRAID**

# SUBSONIK

MONOFILAMENT

A MATTER OF LINE AND DEPTH

#FastSinking #SuperTough #LowMemory  
#HighKnotStrength #DistanceCastingMonofilament

## SUBSONIK 1200M MONOFILAMENT LINE

**NEW**

SUBSONIK is a super-smooth, hi-tech monofilament, which has been designed for the carp angler who demands the very best. It has been formulated using a complex extruding process which ensures maximum strength with a limited stretch factor and is designed to sink quickly, eliminating detection.

SUBSONIK is ideal for all applications in carp fishing, edge work, PVA bag work, snag fishing and distance casting. The minimal stretch factor that SUBSONIK offers, ensures that when fishing at range, indication is amplified quickly through the line, thus registering quicker on the indicator and alarm.

- > High knot strength
- > Minimal stretch
- > Amplified bite detection
- > Abrasion resistant
- > Super smooth
- > Casts with ease
- > Ultra-strong
- > Available in Brown, Green, Camo and Clear

# WHEN SIZE MATTERS

Perfect partners for your XTRACTOR rods, the new XTRACTOR 42" landing nets are now available in 2 different models that pack down to only 30" or 44" respectively thanks to their stiff telescopic two or three piece handles.

**Quality and convenience you can afford.**

Available from all good SONIK stockists.  
For further details visit [www.soniksports.com](http://www.soniksports.com)

## S1 LANDING NET

- > Lightweight carbon composite handle 180cm length
- > Compact spreader block and oversize arms for easy assembly
- > Medium depth olive green mesh
- > Sleek matt black finish with stylish discrete graphics

| CODE   | DESCRIPTION            | LENGTH / DEPTH | SECTIONS |

## VADERX RS CARP KITS

Highly successful in 2021 the VaderX RS boxed sets offers a quality outfit of three rods, reels and a net all packaged in an attractive colour box.

A perfect solution for the busy retailer looking to provide their customers with a perfectly balanced, high performance carp fishing set up at an affordable price.

Available in either 12' 3lb or 3.25lb version, each boxed set comprises:

- > 3 X VaderX RS high performance carp rods
- > 3 X VaderX RS 8000 big pit reels (including spare spool)
- > 1 X VaderX 42" landing net

| CODE   | DESCRIPTION                    |
|--------|--------------------------------|
| JC0035 | VADERX RS 12' 3.00LB 3-ROD KIT |

## XTRACTOR CARP KITS

A great success in 2021, the Xtractor two rod carp kit offers the retail trade the ability to sell a complete portable carp fishing solution at a reasonable price whilst retaining good margins.

Each kit is comprised of two Xtractor slim shrink retractable-butt rods (a choice of 9' 2.75lb or 3lb, and 10' 3.25lb or 3.5lb), two Xtractor 5000 reels, plus an Xtractor (T44) 42" landing net all in one eye-catching POS box.

- > 2 x Xtractor slim-shrink retractable-butt rods
- > 2 x Xtractor 5000 reels
- > 1 x Xtractor (T44) 42" landing net

## XTRACTOR BIVVY

The new Xtractor bivvy offers maximum space in a minimum package. The short transport length is perfectly convenient for those who want to minimize their kit. However, this bivvy still comes complete with a host of accessories that provide unbeatable value. The bivvy features an ultra-quick set-up central fold out block and lightweight rigid aluminium frame. This is shaped for maximum internal space and protection from the elements when being used without the front panel. The included vapour cap helps to keep condensation to a minimum and will help regulate the bivvy temperature during hot conditions. This makes it an ideal choice for the angler travelling light or on quick overnight sessions.

## AXS BIVVY 2 MAN INNER CAPSULES

The AXS -man inner capsules add twin skin protection to your bivvy and have been designed to create a fully enclosed space with sewn in groundsheet and large mozzi vents. This helps to reduce condensation and regulate temperature in hot/cold conditions. They are quick and simple to fit and contain multiple internal storage pocket and hanging loop options. The single capsule is ideal for creating a separate sleeping and utility area whilst the double capsule provides enough space to keep two anglers and kit completely protected.

- > Single berth capsule creates separate sleeping and utility space
- > Adds a twin skin single sleeping area to your AXS two-man bivvy
- > Fully enclosed inner capsule with sewn in groundsheet
- > Provides extra protection from insects
- > Helps balance internal temperature in hot/cold weather
- > Internal storage pockets
- > Clip in design
- > Double capsule transforms your AXS into a full twin skin bivvy
- > Adds a twin skin double sleeping area to your AXS two-man bivvy
- > Fully enclosed inner capsule with sewn in groundsheet
- > Provides extra protection from insects
- > Helps balance internal temperature in hot/cold weather
- > Internal storage pockets
- > Clip in design

## 3-ROD TRANSPORT SYSTEM (T-50)

Sonik are introducing the ultimate three-rod transport system. Sized to fit three retractable butt carp rods with 44" or 50" pack down lengths. Thanks to the intelligent adaptable design the system will accept rods with different handle lengths.

Placing rods on the inner fold out lid allows you quick access to your tackle in the three removable pouches that are perfectly stored under your bedchair. The Transport system will also fold for easy storage and is made from our ultra tough PVC backed 600D SK-TEK camo material with a HD waterproof base material. There are also two top compression straps for extra accessories and the carry straps can double as a rucksack harness should you have to carry it to your swim.

- > Sliding rod strap allows 44" and 50" rods to be perfectly protected
- > Three removable tackle pouches, perfect for under bedchair storage
- > Sliding reel holders adapt to different handle lengths
- > Folding design for compact storage
- > Side pocket for net pod and sling accessories
- > Fully Lined and padded and reinforced
- > HD 600D PVC backed SK-TEK camo material
- > HD waterproof base
- > Side grab handles

The Gizmo alarms from Sonik offer top performance in a miniature package.  
Available as 2, 3 or 4 + 1 sets, each with a free bivvy lamp.

# VADER X

## VADERX BITE ALARMS

NEW

The VADERX bite alarm offers a host of features and unbeatable value. The dynamic V-LED array indicates directional line movement more clearly than ever before. There are also two extra high visibility LEDs and an illuminated roller wheel with night glow function. Volume, tone and sensitivity settings can all be easily adjusted. The modern casing design has a sleek rubberised and weather proofed finish with a reinforced bolt head for ultimate stability. Screw on snag ears are included and there is also a 2.5mm power out socket. The alarm has a range of up to 150m and an exceptional battery life being powered by 1 x 9V battery.

The VADERX Receiver has a compact and light weight case design that is perfectly pocketable and has the same high quality rubberised finish as the alarms. The receiver has up to six channels with both volume and vibration mode options. Auto alarm head tone matching and exceptional battery life being powered by 1 x 9v battery. A free standing table top case design with lanyard attachment point and also a magnetic attachment function.

### ALARM SPECIFICATION

- > Twin Hi-visibility LEDs
- > Front V-LED Indicator shows direction of indication
- > Eight Sensitivity Levels
- > Eight Volume and Tone settings (including silent mode)
- > Power out socket 2.5mm
- > Forward and backward drop back indication
- > Night glow LED function
- > Up to 150m range
- > Sealed case and rod friendly rubber inlays
- > Supplied with two screw in snag ears
- > Operates with 1 x 9V battery (not included)

### RECEIVER SPECIFICATION

- > Six channels, Red-Green-Blue-Orange-Purple-White
- > Eight volume levels plus silent mode
- > Vibro mode
- > Auto alarm head tone matching
- > Table top free standing case design
- > Magnetic attachment feature
- > Up to 150m range
- > Lanyard attachment point
- > Operates with 1 x 9V battery (not included)

## SKS 3+1 ALARM & RECEIVER SET

The state-of-the-art SKS bite alarms from Sonik are compact, lightweight and packed with all the latest technology to provide the important features the modern carp angler requires. Using normal AAA 1.5V batteries, the sleek and compact shape is 100% waterproof and benefits from a matt black soft touch paint for understated good looks.

Supplied complete with a free bivvy lamp, which can be paired to automatically match light colour for the alarm which has sounded.

### ALARM SPECIFICATION

- > Available in 3+1 kit plus free bivvy lamp
- > Five volume levels plus silent mode
- > Four sensitivity adjustments
- > Seven tone adjustments
- > 100% waterproof
- > Illuminated roller with night glow LED mode
- > Dedicated drop back LED and tone
- > Ultra-bright LED's
- > Low battery detection alert
- > Output socket 2.5mm
- > Requires two x AAA batteries

### SKS RECEIVER SPECIFICATION

- > Four channels, Red-White-Blue-Orange
- > Free standing table top design including belt clip
- > Memory function and three-modes (Light + Sound) (Light + Vibro) (Light + Sound + Vibro)
- > Silent & vibration mode
- > Dedicated LED for drop back indication
- > Courtesy night light
- > 100% waterproof
- > Low battery detection alert
- > Requires one x 9V battery

### SKS BIVVY LIGHT SPECIFICATION

- > Manual on/off mode or automatic illumination mode when alarm triggered
- > Six colour channels (Red, Green, Blue, Yellow, Purple, White)
- > Supplied with magnetic or hook bivvy attachment
- > Brightness adjustment (six levels)

- > Delay adjustment (six modes)
- > Low battery warning
- > Requires three x AA batteries

## SKS SINGLE ORANGE ALARM

- > Five volume levels plus silent mode
- > Four sensitivity adjustments
- > Seven tone adjustments
- > 100% waterproof
- > Illuminated roller with night glow LED mode

# SKSC COMMERCIAL

## COMMERCIAL RODS

A dedicated range of light and well balanced rods designed for bagging up on carp and silvers on commercial fisheries. With impressive performance and specification for price, these two piece responsive float and feeder rods cover all the popular lengths and styles required in modern match and feeder fishing situations. Available in 9', 10' and 11' two piece options, the slim and strong 24-ton carbon blanks have lightweight titanium oxide guides, screw down EVA reel seat, quality cork/EVA handles and are supplied in a cloth bag.

### SPECIFICATION

- › Lightweight, slim and strong 24-ton carbon blanks
- › Quality cork/EVA handle
- › Screw down EVA reel seat
- › Titanium oxide insert guides throughout
- › Supplied in quality cloth bag

## SPECIALIST BARBEL RODS

The perfect rod to suit the needs of the adaptable, modern big-fish river angler. These rods come complete with isotope inserts, tough rod guides and slim cork handles. They have been carefully engineered to be light and well balanced with a progressive action that will control lunges of the strongest fish eliminating hook pulls at close range.

### SPECIFICATION

- > High modulus carbon blanks
- > Powerful butt sections with sensitive tip
- > Built in isotope inserts
- > Full slim cork handles
- > Screw winch reel seat

## COMMERCIAL REELS

The SKSC Commercial reels are robust, reliable and have a host of features that make them a pleasure to use. They are the perfect partner for our commercial rod range but are equally versatile for any number of fishing situations. They feature a lightweight graphite body, balanced rotor and great line lay. Also supplied with a standard and spare shallow aluminium spool.

SKSC COMMERCIAL REELS

## SPECIFICATION

- > Gear ratio – 5.2:1
- > Designed for commercial waggler/feeder fishing
- > Lightweight graphite body
- > Oversize bail arm and balanced rotor
- > Multi-disc front drag
- > Supplied with standard and shallow aluminium spools
- > Compact CNC handle with right/left exchange

ALL MODELS SUPPLIED WITH SPARE SPOOL

## SKSC COMMERCIAL DUO LANDING NET HANDLE

High modulus ultra-stiff and light carbon net handle. Three-section take apart design can be used at full 3.3m or with two sections at 2.2m. Reinforced wear areas, grip paint handle and threaded inserts are both bonded and pinned for maximum durability.

The handle butt is protected by a robust metal screw cap which also keeps the sections neatly secured during transit. Also available in a two-section 3m version that is ultra-light and ultra-stiff. With the same durable components.

### SPECIFICATION

- > High modulus carbon material
- > Three or two section design
- > Length 2.2m or 3.3m
- > Pinned and bonded screw fittings
- > Protective metal end cap

| SKSCLNH020 | SKSC COMMERCIAL LANDING NET HANDLE 3M       |

## SKSC COMMERCIAL NETS

The SKSC landing nets are extremely versatile, manufactured from a strong but light weight D-profile frame with moulded spreader block and stainless screw thread. The larger 6mm side mesh is quick drying and allows the net to glide through the water easily making it ideal for speedy netting. They are also a fantastic all-round landing net that is suitable for everything from small silverfish through to big match sized carp.

### SPECIFICATION

- > Lightweight D-section alloy frame
- > Dual size mesh
- > Extra strong spreader block
- > Stainless steel thread
- > For carp and silverfish
- > Available in 15' and 18' versions

# VADER X

## VADER X SPINNING RODS

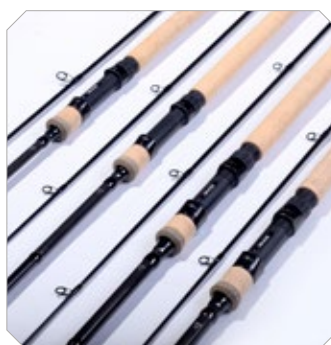

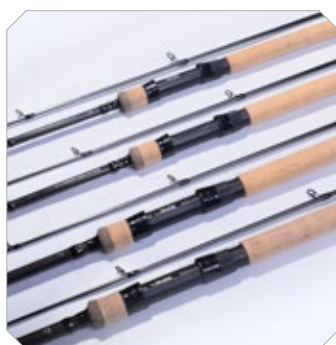

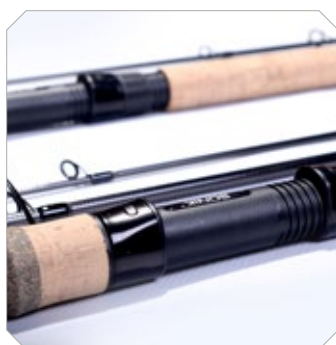

The VADERX spinning rods are an ideal choice for the committed lure angler who is looking for top performance and specification without breaking the bank. The lightweight carbon blank is designed to perform across the lure fishing spectrum by offering a fast and fairly powerful action for tackling high powered predators and hard fighting fish.

The top-quality blank has been finished with a high-grade cork handle with rubberised cork reinforcement for comfortable and warm grip in cold weather. Featuring high frame K-style guides for tangle free smooth line release and greater casting distance, these rods are great value for money with performance to match..

### SPECIFICATION

- › Lightweight, progressive action blanks
- › Slim ergonomic cork handles with rubberised cork reinforcement
- › Quality DPS reel seat and hook keeper ring
- › Screw in butt cap for easy section cleaning
- › K-style guides for low line friction whilst casting
- › Anti-Tangle 105° forward ring sweep with deep drawn frame for extra strength and protection
- › Low profile tip guides for increased tip recovery
- › Supplied with protective ring guard

## DOMINATORX TRAVEL SPIN RODS

A concise range of highly affordable, well-specified travel spin rods that cover most general lure fishing requirements. Lightweight, multi-modulus carbon fibre blanks with a crisp, fast action which is ideal for casting and controlling angry fish. Quality components and fittings ensure long lasting satisfaction with each rod supplied in a hard Cordura travel tube.

### SPECIFICATION

- > Superb multi-discipline travel spin rods
- > Lightweight, fast action blanks
- > Slim ergonomic cork handles with rubberised cork reinforcement
- > Full high modulus carbon construction
- > Quality DPS reel seat and hook keeper ring
- > 'K' style guides for low line friction whilst casting
- > Anti-tangle 105° forward ring sweep with deep drawn frame for extra strength and protection
- > Anti-frap tip ring
- > Supplied in rod bag and Cordura tube

## SHORE RODS

**NEW**

A brand new range of incredible value surf rods that deliver unbeatable performance for the price. Available in three lengths to cover most shore fishing applications, the blanks are well balanced with a progressive casting action and excellent bite registration.

### Sonik Vader X 12ft Shore Rod 4-6oz

Ideal for clean to mixed ground beaches and estuary work. Suitable for a wide variety of species.

### Sonik Vader X 13ft Shore Rod 4-6oz

Ideal for clean to mixed ground beaches, it is suitable for a variety of species from Plaice fishing at range to bullying Rays from the depths.

### Sonik Vader X 14ft Shore Rod 4-7oz

The most powerful rod in the range it is designed for mixed to rough ground marks and has the backbone to deal with big kelp beds and snags yet is quite easy to cast.

### Sonik Vader X 15ft Shore Rod 4-7oz

Ideal for mixed ground venues where the need is to put baits a long way with a simple overhead cast. Performs best with 5oz leads but can cope with larger leads and handle hard fighting species such as Smoothounds.

## SPECIFICATION

- > Multi modulus carbon fibre blanks with progressive casting action
- > Larger guides feature XD frame for greater ceramic impact protection
- > Zirconium Oxide Guides
- > Ringing pattern compatible with both fixed spool and multiplier reels
- > High impact rubberised end cap
- > Anti-Frap tip ring
- > High quality DPS Reel fitting
- > White Hi-visibility tip for easy bite detection

## SHORE ROD

**NEW**

The SKS Black shore rods bring the world of top end surf rods to a whole new accessible level. Featuring upgraded more powerful yet lighter blanks from its SKS shore rod predecessor that will suit every casting ability easily. Each rod is individually tailored to offer the perfect 'all round' action, which mean they are as effective on clean ground as they are in heavy terrain. Finished in new eye catching graphics with a white tip to improve bite detection. Each rod comes finished with a custom sliding reel seat to fit reel up or reel down casting styles.

New for 2021/2022 11'6 two-piece SKS Black Bass rod.

### SPECIFICATION

- › Powerful carbon fibre blanks with smooth casting action
- › Durable Hardloy rings suitable multiplier or fixed spool reels
- › Custom Sonik sliding reel seat on all models
- › Slim, comfortable shrink wrap handles
- › Black tyings with metallic red tipping
- › Supplied with two piece cloth bag with velcro closure

SKS BLACK SHORE RODS

# DOMINATOR XS

## SHORE RODS

**NEW**

The Dominator XS shore rods are designed to excel for the serious shore angler who regularly targets a wide range of species from a variety of marks. Top build quality using only the highest standard of rings and fittings will ensure these rods provide many years of pleasure for the committed shore angler. Rung to suit both multiplier and fixed spool users, the lightweight yet powerful 24T carbon blanks will launch a baited rig to the required mark with ease.

### DOMINATOR XS SPORT 13'10 2pc 4-7oz MFS.

Slightly longer than traditional 13ft 6in beach casters at 13ft 10in, this extra length aids casting and playing fish over clean or mixed ground. Ideal rod for catching a wide range of species, especially larger ones such as Rays, Smoothound, bigger Cod and Bass. Carefully constructed from lightweight 24T carbon, the rod has a powerful mid and butt section for longer casting and a reflective tip for easy bite detection at night. The rod comes with a custom Sonik sliding/locking reel seat and is fitted with Sea Guide K guides, suitable for multiplier or fixed spool use. Supplied with rod bag  
Length: 13'10" / 4.22m Sections: two Casting Weight: 4-7oz / 110-200g

### DOMINATOR XS MATCH 13' 2PC 4-6oz MFS.

A lighter version which is an ideal match rod for targeting species such as Whiting, Bass and flatfish. The 24T carbon blank is ideal for fishing close in or at range, with the supple tip registering the tiniest of bits. Sure to be popular with serious pleasure or match anglers who want a great all-round rod at a reasonable price.

## SPECIFICATION

- > Powerful 24T slim and lightweight carbon blanks
- > Suitable for multiplier or fixed spool use
- > Seaguide K style guides
- > Reflective tip
- > Shrink wrap handle
- > Rubber butt cap
- > Supplied with a rod bag

# GRAVITY X5

## SHORE ROD

An extremely powerful 14' two piece shore rod that excels when fishing rough or heavy ground marks where the ability to lift strong fish from kelp infested rock marks is vital to success. Surprisingly slim and light to hold, thanks to the very latest Nanofibre carbon blank construction. Super fast recovery with a stiff powerful butt section for hitting extreme range when casting. Capable of extreme distance casting with minimum effort, this rod can also be used across a wide range of terrains from heavy rock marks to long range surf beaches. Suitable for multiplier or fixed spool, with sliding locking reel seat meaning it can be used for up or down the butt casting styles.

## SPECIFICATION

- > Ultra-High modulus, low resin carbon construction
- > X5 multi-directional Nanofibre tip section lay-up
- > Fuji Alconite guides with sleek black finish and anti-wrap tip ring
- > Double leg 3D guide frames for increased support and ceramic protection
- > Grip paint above and below joint section
- > High quality Japanese shrink wrap handle
- > High impact rubberised end cap

**CUSTOM SONIK 'SLIDE-LOCK' REEL SEAT FOR PERFECT PLACEMENT**

# X5 HT

## SHORE ROD

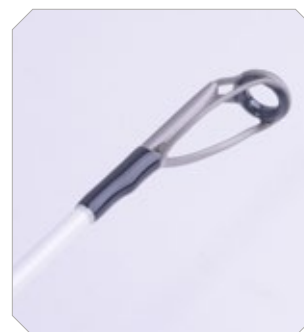

Introducing the new and improved version of the very popular Gravity Surf HT. It follows the design principles of the previous model offering the right balance of power, balance and weight for an easy casting 3 piece rod with enough power to cope with larger leads as well sitting well in heavier tides and swells.

The specially designed hollow tip (HT) not only sits very well in the tide but has a very fast recovery allowing the angler to produce huge distances with a simple over head cast. We would recommend this rod for anglers wanting a true 'all round' three piece rod. It will cope with Smoothound and Rays without having to use a much heavier rod and sacrificing distance.

### SPECIFICATION

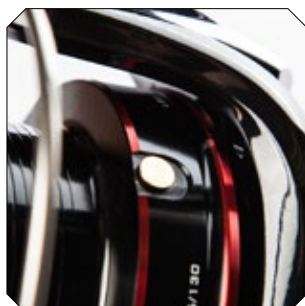

- > Super lightweight high modulus carbon blank
- > X5 multi-directional nanofibre tip section lay-up
- > Fuji Alconite K Series guides
- > Fuji corrosion control frames provide seven-times more corrosion resistance
- > Fuji DPS reel fitting
- > Shrink wrap on the lower handle to improve grip whilst casting
- > White hollow carbon tip for easy bite detection in poor light conditions
- > Unground carbon finish at rod joints makes it easier to take apart after use

## SKS BLACK SURF REEL 8000

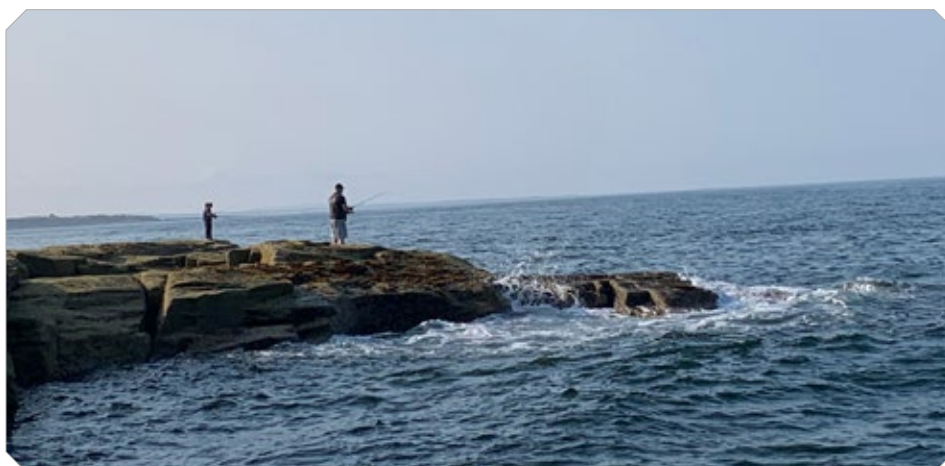

SEA REELS

The Sonik SKS8000 Surf reel is a full-sized surf reel which has been designed to meet the requirements of the UK beach angler. The spool design allows smooth long casts and the large handle helps to speed gear and fish back to the beach. A smooth, powerful and very smart looking reel that offers excellent value for money.

### SPECIFICATION

- > Gear ratio – 4.6:1
- > Beach size fixed spool reel
- > Long cast spool design
- > Graphite body and rotor
- > Metal spool
- > Large diameter bail wire
- > Large bail roller
- > Powerful front drag
- > Ball bearings 5 + 1
- > Sprung line clip
- > Folding handle
- > Oversize soft grip handle knob

## DOMINATOR XS SURF REEL 10000

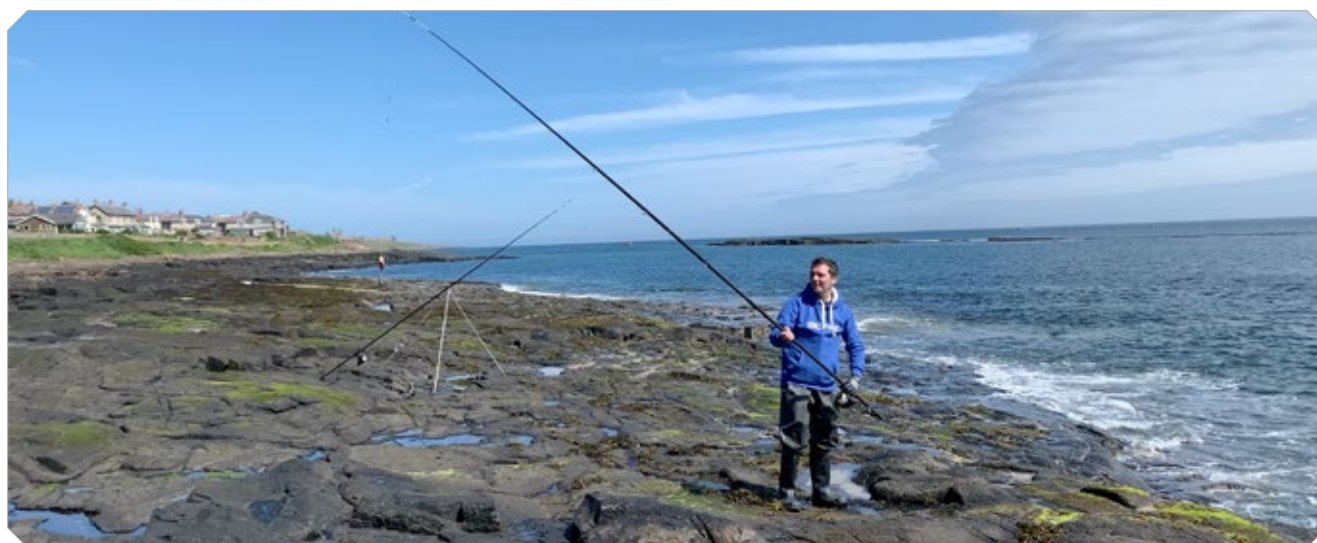

NEW

### SPECIFICATION

- > Gear ratio 4.1:1
- > Wormshaft gear system
- > X-wrap line lay
- > Micro-adjust 18Kg drag power
- > Inter-rotor line guard
- > 6 + 1 shielded stainless steel ball bearings
- > Twin spring-loaded captive line clips
- > High strength lightweight graphite body/rotor
- > Stainless steel main shaft
- > Oversized twist free line roller
- > Instant anti-reverse
- > Matt black anodised aluminium handle
- > Large soft touch handle grip
- > Micro line lay adjustment washers

A welcome addition to the fixed spool range is the Dominator XS 10000 Surf Reel, which combines durability and solid performance at a realistic price point. Built to withstand the demands of harsh saltwater environments, the massive 18Kg micro adjust drag will cope with battling large fish in tough conditions. Featuring a reduced oscillation X-wrap line lay which is ideal for mono or braid and reduces line release friction for more efficient casting. With a high strength, lightweight graphite body/rotor, comfortable large soft touch handle grip and oversize twist free line roller, this reel is the ideal choice for the committed shore angler looking for a versatile all-round reel at an affordable price.

## AVX SURF REEL 10000

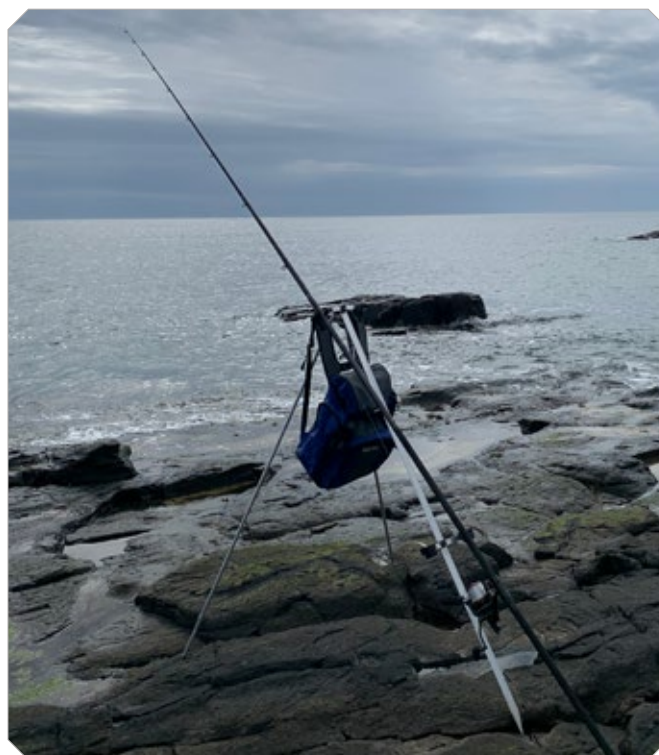

A superbly smooth and highly functional reel with slow oscillation and long coned spool for super smooth line lay and ultra-long distance casts. With 14 ball bearings, strong gears and oversize rubber crank handle for effective retrieval at range, the sensitive front drag system also makes it ideal for use with low diameter monofilament and braid.

### SPECIFICATION

- > Gear ratio 4.9:1
- > High strength carbon composite body/rotor
- > Stainless shielded bearings 14 + 1
- > Instant anti-reverse system
- > Long cast angled spool lip
- > Dual strength stainless steel main shaft
- > Worm drive for perfect line lay
- > Sensitive front drag system ideal for low diameter lines
- > Spring loaded line clip
- > Rotor lock with open bail arm
- > Large diameter titanium coated bail arm
- > Large bail roller
- > Supplied with two spools

## SONIK WIDE BOY BEACH TRIPOD

NEW

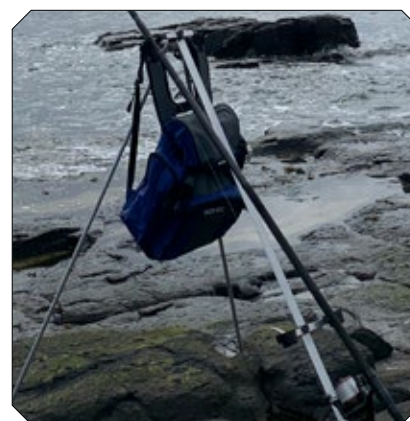

The Sonik Wide Boy tripod is constructed from very high quality, angled aluminium and has a handy trace hook positioned under the head rests for hanging a prepared rig. Both the head rest and cup bars can be adjusted and positioned up-or-down the main shaft of the tripod to suit the position of rods. The 14in (35.5cm) wide cup and 14in (35.5cm) head unit allow the use of larger fixed spool reels, without the handles getting caught on the main shaft. It is also suited for use with multiplier reels. Ultra light and easy to transport in your rod quiver.

### SPECIFICATION

- > Length 6ft (180cm)
- > Double head tripod
- > Secure and strong
- > Lightweight angled aluminium
- > Double butt cups

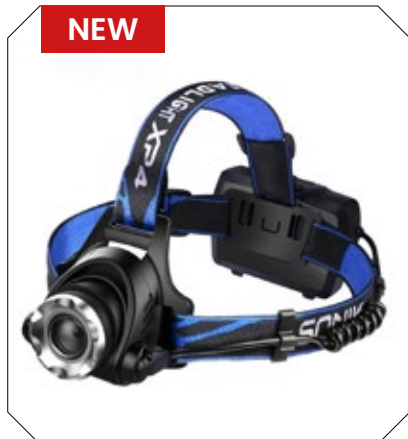

L 180 cm
